

# What's New in Ventilation

## AireShare™ Transfer Fans

Make Hot or Cold Rooms More Comfortable  
Extend Comfort from Ductless Heating and Cooling  
**Room to Room** **Level to Level**

Move air from one room to another

The perfect companion for homes with:

- Split System, PTAC & Window A/C
- Space Heaters, Stoves, Fireplaces & Cool Lower Levels

## Economical Home Ventilation Fan

Great for damp-musty basements, garages, cabins, storage areas, workshops

- Save over \$100/yr in electricity costs compared to a dehumidifier
- 2 reversible fans provide air supply, exhaust or balanced exchange
- Built-in dampers eliminate air infiltration
- Adjustable humidity control and separate on/off switches for each 90 CFM fan

## Guaranteed No Clog Residential Dryer Duct Booster® Fan

Boost long, restrictive dryer duct runs.

- Save energy by reducing drying times up to 50%
- Lint Blitzer™ impeller reduces lint build-up, a potential fire hazard
- Easy installation, automatic operation
- Permanently lubricated, ball bearing motor positioned out of air stream

## UnderAire™ Crawl Space Ventilators

- Ventilates excess moisture, the cause of mold, mildew and wood rot
- Increases air circulation to fight condensation
- Reduces radon, off-gassing and odor migration into living areas
